

# Norship

## ABOUT US

Norship provides trusted maritime solutions to its valued customers across Australasia and the Pacific.

Our experienced team delivers a broad range of through life services, including design, built, planned and emergency dockings, ship maintenance, repair, refits and disposals.

Our In Service Support teams deliver national fleet management services and maintenance support, supply support, engineering support and training support.

Norships head office is in Cairns where it also operates a large scale, well-resourced Shipyard with 3 travel lifts, up to 400t capacity. Complimented by an experienced Darwin based team, Norship offers the largest Maritime, maintenance workforce in Northern Australia.

Our team of master tradespersons and maritime professionals understand the critical importance of Availability, Reliability and Seaworthiness to our customers and they work tirelessly to ensure they meet and where possible exceed, our valued customers expectations.

## DESIGN, CONSTRUCTION AND MAJOR MODIFICATIONS

Norship is able to deliver all aspects of vessel design, construction, major modifications and certification through:

- Naval Architecture – Our team consists of Marine architects and mechanical engineers with more than 40 years' experience in maritime design, new builds and major modifications. Norship engineers are members of the Royal Institution of Naval Architects (RINA) and Engineers Australia (EA) with engineers that hold RPEQ and CPEng status.
- Fabrication team – Our welders are proficient in most applications with a full range of aluminium and steel skillsets for most applications required today with DVN-GL/Lloyds certification.
- Supporting Trade teams – Our trade departments include Mechanical, Electrical, Painting and Shipwrights.
- Quality Assurance team consisting of client & corporate services teams (QA, GRC, HSES, HR, BD)
